PRESIDENT'S REPORT

As I write my last report as President of Zonta Riverland (with great joy, as writing reports isn't my greatest strength) I have to say that I am very proud to be a member of this club and will continue to support Margot in her role as President over the next two years. I am pleased that she accepted the position and I step

down knowing that she will be a great leader for our group. I will once again like to thank all the members for their support over the last 2 Years, it has been fun, scary, challenging, sometimes a little overwhelming (especially when reports had to be written) but for the better part it has been very rewarding.

It is with great sadness that Joy Sweet is retiring from Zonta as she is one of our founding members and has held many leadership roles over the last 32 Years. She will be sadly missed at our meetings as she has a wealth of knowledge that she has been willing to share, you always remained calm, supportive, reassuring and dignified. But life must move in a different direction for Joy and in our journey of life you meet special people who are hard to forget but I am glad to have met you Joy, so please keep us informed about your welfare and enjoy your next journey in life. We will miss you.

Yours in service,

Julie Radloff

ZONTA WEBSITE

You would have received an email to reset your password for the Zonta website. If you haven't been on the site for a while perhaps even because you have forgotten your password, now is a good time to do so. It is fairly straightforward, just follow the prompts. It seems like you are doing the same thing twice, but just persevere and you will get there. If you are having problems ask another member to help you. It is always great to be able to explore the website and locate information about what is happening within the Zonta world.

HAPPY DAY CONFERENCE

Just a reminder that former Zontian, Robyn Cain, recently emailed out the details about the Happy Day Conference to all members.

Kerry Reinhold is a former Riverland Girl, who suffered breast cancer a few years ago, and knows firsthand what that whole experience entails for the individuals and their families. Kerry's strength has always been her "keen sense of humour" and during and since her recovery she has set about providing a Free "Happy Day Conference" to help people regain and maintain humour, and just have a good old fashioned "belly laugh" during the day- always a good form of therapy! If you or anyone you know has suffered from cancer or cared for someone with cancer you may like to attend. Speakers at the event include well-known SA personality, Cosi and comedian Maggie Wood.
